MEDIA ADVISORY

CPISC to release national skill standards for prepress and finishing and bindery

The Canadian Printing Industries Sector Council (CPISC) will release National skill standards for prepress and finishing and bindery workers on June 12 in Vancouver.

The new prepress and finishing and bindery standards set out what an employee should know and be able to do on the job, and their release will have benefits for print industry employers, current and future employees, students and educators.

The latest skill standards follow the release of press skill standards in 2008, which have been enthusiastically embraced by industry employers, employees and educators.

The latest skill standards will be released as part of the CPISC Forum – a free industry event for print company owners, managers, employees, educators and students.

When: Friday June 12, at 1.15 pm

Where: CPISC Forum 2009
Renaissance Vancouver Hotel Harbourside
1133 West Hastings Street
Vancouver, BC

Attending: Mr. Jeff Ekstein, CPISC Co-Chairs
Ms. Marie Eveline, CPISC Executive Director
Industry stakeholders
