

OTTAWA, Ontario April 2, 2008 The Canadian Printing Industries Sector Council (CPISC) and le Comité sectoriel de main d'oeuvre des communications graphiques du Québec (CSMO) are pleased to invite you to FORUM 2008 (The Future of Print).

Friday, June 13, 2008
Delta Centre-Ville
777 rue University Street, Montreal, Quebec
9:00 am to 3:30 pm

This event will bring together delegates representing business, labour, education and policy sectors from across Canada. It will focus on improving industry standards and addressing technological changes for today and tomorrow.

WHO SHOULD ATTEND

The FORUM will benefit anyone who owns, manages or works in a printing and/or graphic communications establishment.

HIGHLIGHTS

A sneak peek at CPISC's national press skill standards.

Mapping out the skills and technologies of tomorrow.

Find out what CPISC and CSMO can do for you.

KEYNOTE SPEAKER

Warren Werbitt, President & CEO Pazazz Printing will provide his unique take on the future of the printing industry.

REGISTRATION AND PROGRAM

There is NO registration fee to attend the FORUM.

For a copy of the FORUM registration form and program, visit the CPISC website at www.cpisc-csic.ca. For further information, please contact CPISC toll free at 1-888-688-0293, or by email at info@cpisc-csic.ca

The Canadian Printing Industries Sector Council, funded by the Government of Canada's Sector Council Program, is a not-for profit organization responsible for the human resources strategy for the printing and graphic communications sector.
